

Modbar Technical Bulletin #007

Pre-Installation Form

August 30, 2017

Pre Installation Specifications

Modbar has created a Pre-Installation Form outlining the recommended requirements prior to the installation of Modbar Equipment. These instructions address communications needed with plumber, electrician, architect and designer. Areas covered include:

- 1) Designer or Architect Specifications - Above Counter
- 2) Designer or Architect Specifications - Below Counter
- 3) Module Dimensions & Specifications
- 4) Required Module Clearance
- 5) Plumbers Specifications
- 6) Electrical Specifications

This form is available immediately and will be distributed directly to anyone that purchases or is considering purchasing Modbar. The guide is also available via this link:
